

AIR FILTER REPLACEMENT

Location: McGaugh Hall - Building #503

Disruption/Outage: Air Handler Shutdown

Date: Tuesday, May 20, 2025 through
Thursday, May 22, 2025

Duration: Scheduled to begin at 11:00p.m. on May 20th and May 21st, lasting for approximately 6 hours, ending at approximately 5:00a.m. on May 21st and May 22nd.

Details: Facilities Management will be replacing air filters in the McGaugh Hall air handlers. Air handlers will be shut down one at a time during the outage window to facilitate the replacements. During this time, air supply to the building will be reduced with potential impacts to overall air balance. Exhaust fans will remain operational with adequate air flow anticipated through building fume hoods.

* We use South Coast Air Quality Management District (SCAQMD) compliant low-VOC materials (e.g., paints, sealants, etc.). For any health concerns, please contact Environmental Health and Safety at x4-6200

We appreciate your cooperation and apologize for any inconvenience this may cause. If you have any questions or concerns, please contact Mike Bonomo at (949) 824-8715 or bonomom@uci.edu

Cc: Building Facility Manager (please route to appropriate MSO/affected faculty and/or staff)
